

The Nonlinear Structure of Language (Paperback)

Filesize: 6.35 MB

Reviews

Absolutely among the best publication I have got at any time go through. It really is written in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.

THE NONLINEAR STRUCTURE OF LANGUAGE (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The author develops a new theory on the unintended evolved architecture of the English language. We know from more than 3.5 billion years of biological evolution that there are unintentional processes at work in nature that engineer highly complex machines. A computer programmer sits at a drawing board and designs a language from beginning to end. It would be surprising if human language did not take shape in ways different from what etymologists describe. Words are material objects subject to being manipulated in any way. Who or what would be interested, and why? This book is for the people of Earth who witnessed the emergence of computers.
